

Special Olympics Unified Ball

Graphic specifications

The ball is matched to Pantone 186 red with the graphics reversing out in white.

The roundel mark and circumference graphic are supplied as individual artworks (Adobe Illustrator EPS) and may need to be adapted by the manufacturer to suit the specific construction of the ball.

Roundel mark

Appears on both top and bottom of ball at 'poles'. Size and position can be adapted to suit specific construction of ball to minimise the impact of seams on graphic.

Circumference graphic

A graphic consisting of five figures based on figures within the Special Olympics symbol are placed around the circumference of the ball.
