

OUR MISSION

Special Olympics provides year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

The data presented in this document is sourced from the Special Olympics Reach Report, which summarizes the breadth, depth, and impact of the global Special Olympics movement including data from nearly 170 countries on athletes, coaches, competitions, financial support and other areas.

For more information, or to download a copy of the full 2012 Reach Report, visit SpecialOlympics.org.
