

# Be a Fan of Unity!

Though it all starts with sports, Get Into It® and Project UNIFY® - the Special Olympics youth engagement initiatives – activate young people around the country to develop school communities where all young people are agents of change.

Get Into It® is a set of free, K-12 service learning lessons and resources designed to advance student's civic knowledge and skill development, while promoting acceptance and understanding to motivate youth to become advocates for and together with all people. The content of these lessons and activities are based on the ability, dedication, and inspiration found in the millions of Special Olympics athletes around the world.
