**50 years of Special Olympics:** Special Olympics is a global movement of people creating a new world of inclusion, where every single person is accepted and welcomed, regardless of ability or disability. In 1968, Eunice Kennedy Shriver, sister of former President John F Kennedy founded the Special Olympics. She had a sister with intellectual disabilities and wanted to see change in society. She saw the power of sport had to offer as a catalyst of change. World Games Abu Dhabi 2019 will mark the culmination of 50<sup>th</sup> anniversary celebrations, and the beginning of the next fifty years of the inclusion movement.

- Today, there are 4.9 million athletes with intellectual disabilities involved in Special Olympics worldwide
- 1.2 million people take part in Special Olympics Unified Sports® worldwide, bringing together people with intellectual disabilities and those without

**World Games:** Special Olympics World Games take place every 2 years and alternate between Summer and Winter. Austria hosted the Winter Games in 2017, and Abu Dhabi will now host the Summer Games from 14-21 March 2019. This will be the first time the World Games takes place in the Middle East and North Africa region.

## MORE THAN JUST SPORT

**Host Town:** The largest cultural exchange program to be organised in the Middle East, Host Town will take place nationwide across the UAE in the days preceding the World Games. All seven emirates will host delegations from around the world, giving athletes, coaches, and families a warm, hospitable welcome. Each emirate will provide delegations with an experience of Emirati culture and traditions, including educational, cultural and sports activities.

**Law Enforcement Torch Run®:** In the days leading up to the Games, the Special Olympics 'Flame of Hope' will tour all seven emirates of the UAE before completing its journey in Abu Dhabi, arriving at the Opening Ceremony for the World Games. A Special Olympics tradition since 1981, law enforcement officers carry the flame, which symbolizes courage and celebration of diversity uniting communities around the globe.

**Healthy Athletes:** Special Olympics Healthy Athletes® is a Special Olympics program that provides free health examinations for all the international athletes competing in the World Games. For many of the athletes from developing countries, it is the first, most comprehensive health examination they have ever received. The Healthy Athletes® program runs throughout the Games with examinations conducted by volunteer medical professionals.

## LEGACY

The impact of these Games will not end with its Closing Ceremony. The Local Organizing Committee for Special Olympics World Games Abu Dhabi 2019 is focused on developing a strong and long-lasting legacy for the Games that promotes inclusion beyond 2019.

The UAE has made inclusivity a priority within National Vision 2021. The term 'people of determination' was introduced in 2017 by His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, as part of a new

National Strategy for Empowering People with Disabilities. A wide range of initiatives to support people of determination have been implemented in the UAE at a local and federal level.

The Games will serve as a milestone marking the expansion of this national commitment to inclusion – in education, employment, healthcare, and social justice. They will also serve as the platform for a public education campaign to increase understanding, tolerance, and inclusion throughout the nation and the region.

## GET INVOLVED

Playing a part in the Special Olympics World Games – through volunteering, contributing, sponsoring, attending the events and cheering on the athletes – will give you a real understanding of the value of inclusion, and the joyful, inspiring memories you take away will stay with you forever.
