## Summit Scoop | Youth Leader Spotlight

Sagar Kapoor will be representing Special Olympics Bharat at the Global Youth Leadership Summit. He is currently a student at the Jaypee Public School. From a young age Sagar has been an advocate of the Special Olympics movement. He believes everyone should have equal opportunity to attend school and be recognized for their extraordinary talents and capabilities. Sagar is a leader in his community because during the pandemic he supported a "Let's Connect Saathi" event at his school where over 300 participants came together to connect during a time of isolation. He is part of the Unified Generation because he wants to encourage more young people to build an inclusive world where all people, no matter their abilities, have equal opportunities to succeed in life both in the private sector as well as in government.
