

TIPS FOR LEADING AN INNOVATION PROJECT

Be Flexible

- Focus on your core values/goals
- Be willing to adjust your plan to unexpected situations
- It is okay to adapt
- Keep an open-mind

Be Ambitious

- Projects are only as successful as you want them to be
- Challenge yourselves to go beyond
- Don't be afraid to lead

Communicate

- Understand your audiences' backgrounds
- Listen before speaking
- Be simple and direct
- Have a positive mindset

Time-Management

- Prioritize tasks based on importance and urgency
- Create a timeline for your project
- Set goals that are achievable and measurable

Be resourceful

- It is okay to ask for help
- Build on knowledge and potential
- Maximize resources and stay organized
