

School District Framework Tool

This outline provides a profile of school districts for the Special Olympics Unified Champion Schools® team. It may be used to

- ✓ determine a district's readiness for the Unified Schools strategy,
- ✓ develop messaging for district recruitment,
- ✓ identify potential members of a district leadership team, and
- ✓ build your understanding of district priorities
- ✓ prepare for district growth and implementation.

Programs may find this information on their state department of education's website and the school district website. Goals and priorities may be listed as part of a strategic plan, as 'commitments,' as 'core values,' and may be referenced in vision and mission statements. This information can often be found under the "about" tab located on most websites.
