

Healthy Athletes 2023 World Games Berlin

Special Olympics
Health

MADE
POSSIBLE BY **Golisano**
FOUNDATION

Impactful Results

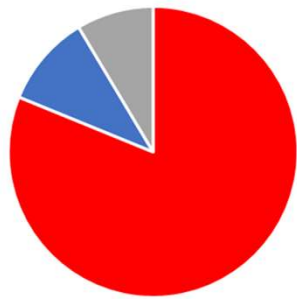

- Provided more than **15,000 Healthy Athletes screenings** in 8 days
- Screened over **4,500 participants** across **7 disciplines** of health
 - Nearly 80% of registered athletes and Unified partners at World Games
- Attended by athletes from **98% of delegations** at World Games
 - 77 of these delegations are not currently active in SO Health programming
- Resulted in more than **4,000 referrals** for follow-up care
 - Over 2,400 participants received referrals through screening

Healthy Athletes by the Numbers

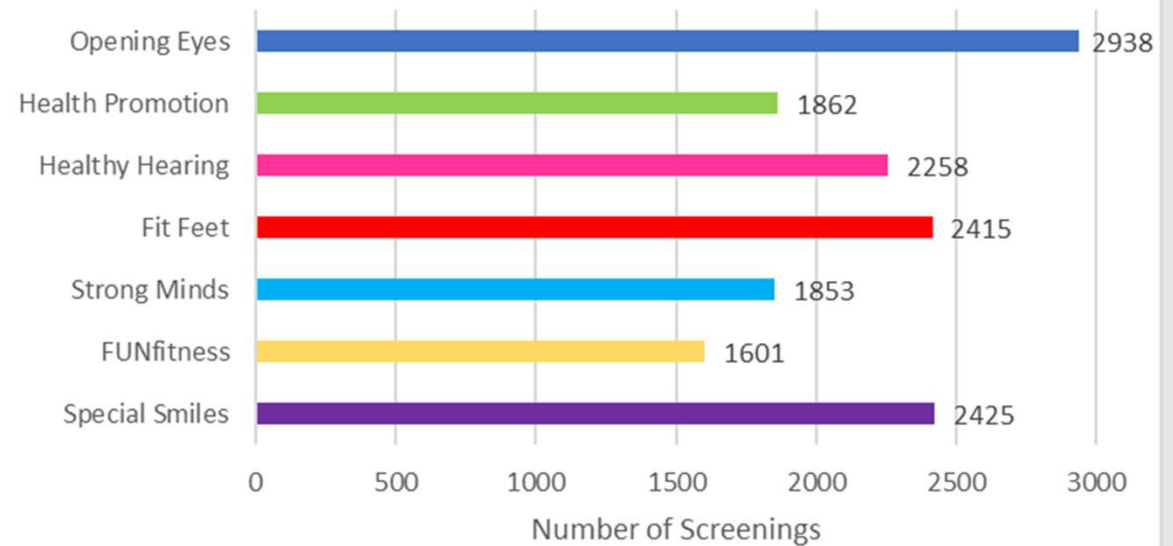

Individuals Screened

■ Athlete ■ Unified partner ■ Other

Screenings by Discipline

Highlights by Discipline

- **Fit Feet**
 - Overcoming volunteer and language challenges to achieve a high number of athletes screened
- **FUNfitness**
 - American Physical Therapy Association's support onsite
- **Health Promotion**
 - Robust support by health professional students through recruitment and proactive training
- **Healthy Hearing**
 - 266 individuals served and 259 fit onsite with hearing aids through partnership with Starkey Cares
 - 51 of the 259 athletes received fully customized ear molds from Starkey Cares partner Dreve

Highlights by Discipline

- **Opening Eyes**
 - More than 1,300 prescription eyewear provided to athletes
 - Fixing or replacing broken or lost glasses allowed athletes to return to the field of play
 - Retinal imaging offered at the fourth major Games in the last year
- **Special Smiles**
 - Clinicians implemented “Tell, Show, Do,” as a standard of screening care that enabled participants to actively participate in their dental screenings without fear or shame
- **Strong Minds**
 - Many international Clinical Directors came together to support athletes on and off the field of play

Unified Healthy Athletes Tours

Thank you to the Programs, Regions, and SOI teams who made this a success!
