

Local Club Development Roadmap

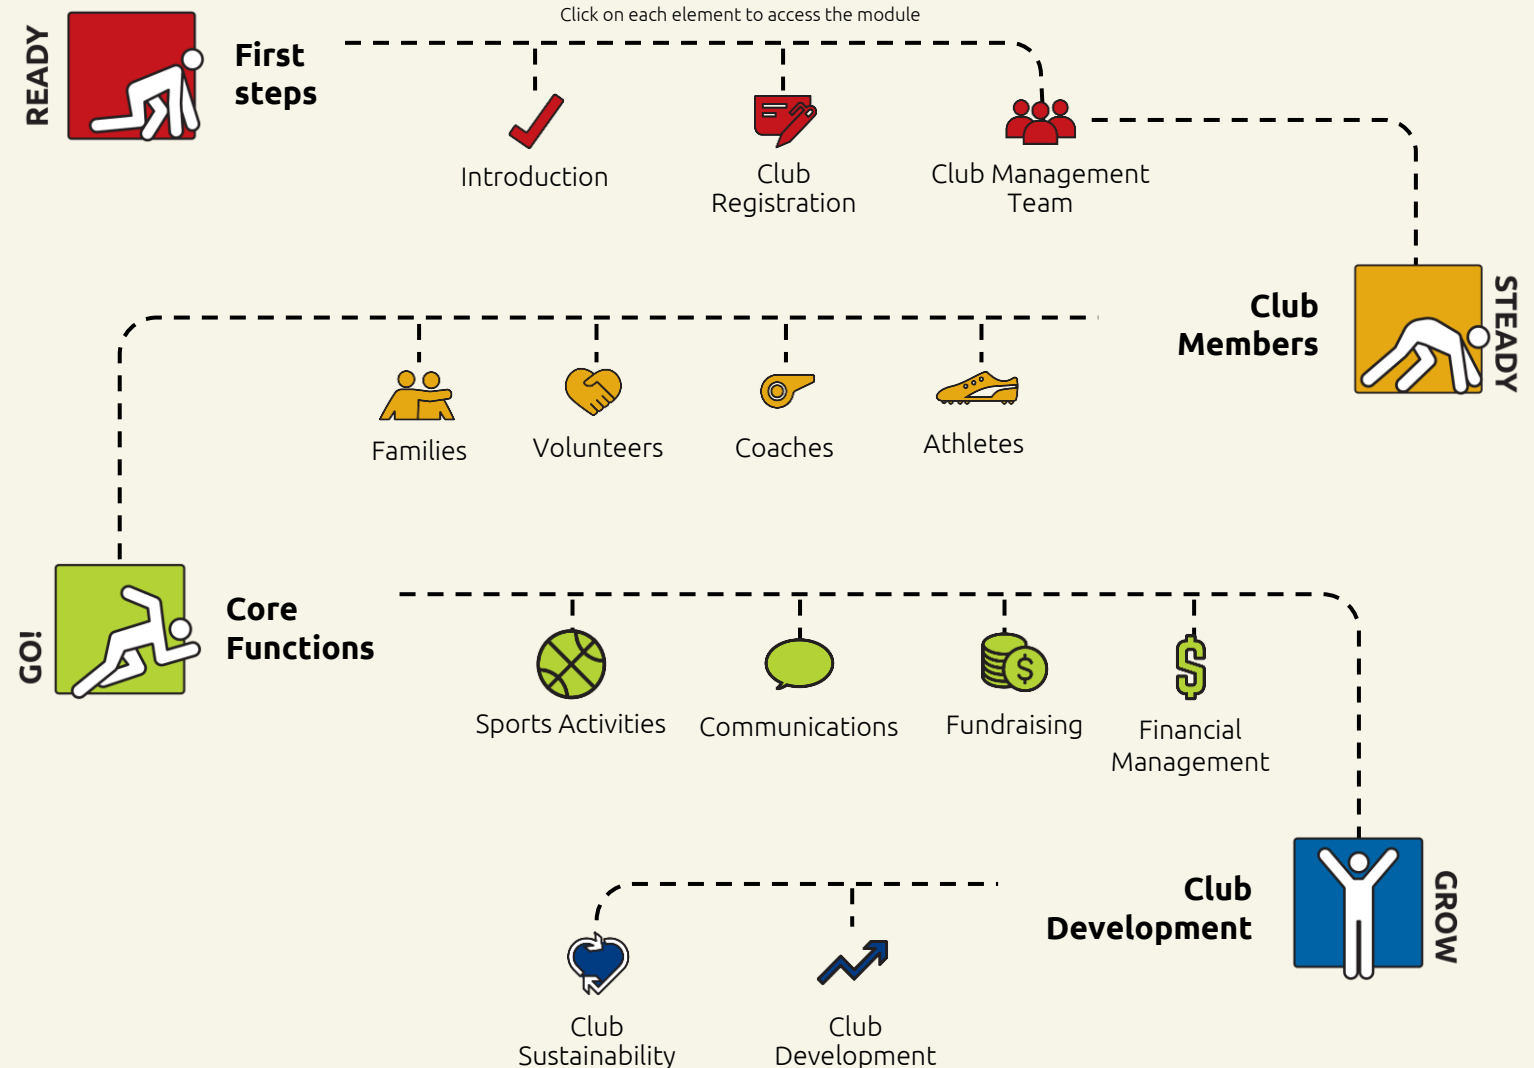

What is a Local Club*?

A Local Club offers Special Olympics sports and non-sport activities within a community. It is a local branch of the Special Olympics National/State Program.

Special Olympics Local Clubs are open for anyone to become a member – people with and without intellectual disabilities, their families, and volunteers from all backgrounds. It is at the Local Club grassroots level of the movement where communities of inclusion are built, and everyone’s abilities are appreciated.

* In some Regions/Programs is referred to as Local Program or sub-Program
