OUR MISSION

Special Olympics provides year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

The 2018 Reach Report presents data primarily sourced from the Special Olympics annual census, which surveys the breadth, depth and impact of the global Special Olympics movement. This includes data from 244 Programs in 193 countries on athletes, coaches and competitions, plus other key metrics.
