

MATP Video Links

Below are a series of links to MATP resources online.

These videos can compliment and support the creation of ideas for MATP sessions with your athletes. Remember these are for creating ideas – each MATP athlete is an individual with their own unique needs. We must know our athletes needs and work alongside them to decide

1. what activities they want to do
2. what activities they can access
3. what activities they will find success in
