Section 1
Identity Guidelines

Our Brand

This section of the guidelines introduces you to our personality, what we do as an organization and the messages at the heart of our brand. Here you will find guidance on how to communicate with our different audiences and our relationship with Special Olympics.
Law Enforcement Torch Run® for Special Olympics (LETR) is a volunteer movement that was established by members of the law enforcement community to support Special Olympics. The LETR mission statement is to increase public awareness and generate resources for the Special Olympics movement worldwide.

LETR began in 1981, when Wichita, Kansas (USA) Police Chief Richard LaMunyon saw an urgent need to increase awareness of Special Olympics. He also saw it as an ideal way to get local law enforcement personnel involved with the Special Olympics community. The LETR was quickly adopted by the International Association of Chiefs of Police (IACP), the Founding organization of the Law Enforcement Torch Run® for Special Olympics. What started as a flicker more than forty years ago has grown into a roaring flame of support and stability for Special Olympics athletes worldwide.
Our Brand

Audiences
Different audiences, different needs

When communicating the LETR brand there are three different audiences: General Public, Active Volunteers and Sponsors/Partners. Each of these have different information requirements based on their level of involvement with us.

Your specific target audience will affect the approach you take to the quantity and detail of information presented, the directness or nuance of the message, and the degree to which Special Olympics will need to be explained and contextualized.

Take the time to identify the specific audience with whom you wish to communicate. If you have multiple audiences try to list them and their particular characteristics.

General Public
The general public experience LETR through the events that we host. Communication should tell the LETR story and inform them of the special partnership with Special Olympics. The information should remain simple, focused and accessible.

Active Volunteers
Volunteers’ mission is to raise awareness and resources for their local SO program as well as train and recruit others to the LETR movement. Messages for participants are to be informative but simple and should be aimed at deepening their partnership with LETR and fostering positive associations with our brand.

Sponsors and Partners
The sponsor and partner relationship with LETR is a professional one. While they require information to a greater degree it should still be simple and accessible.

What we do
The heart of our brand

We volunteer

together to champion

acceptance & inclusion

Volunteering

We thrive on the efforts of dedicated law enforcement officers who give effortlessly of their time, talents and passion to strengthen the Special Olympics movement.

Together

We believe that together anything is possible. By partnering with Special Olympics Programs we are able to engage members of the community to unite to create opportunities of inclusion for Special Olympics athletes. We celebrate through the camaraderie with fellow officers and friendships created with Special Olympics athletes.

To Champion

We lead the charge within our community in promoting, advocating, and empowering through unique fundraising and public relations events and activities. We advance community change through civic organizations, businesses, schools, administrators and leaders within the community.

Acceptance & Inclusion

Our work raises up the Special Olympics athlete in the community, helping influence them to be treated as equal. We educate the community about the gifts, talents and abilities of people with intellectual disabilities and create opportunities to bring athletes and people of the community together.

When communicating take the time to consider if you are effectively communicating in a way that reflects some or all of these traits.

Honorable

Altruistic

Dedicated

This volunteer work, on behalf of Special Olympics, performed by law enforcement officers, is above and beyond our normal call of duty and instills in us a sense of honor and distinction. The work is creditable, estimable and worthy of our time and efforts.

We give selflessly of our time and skills; we are unselfishly concerned for and devoted to the welfare of others.

Law enforcement officers are wholly committed to Special Olympics and the positive impact that we can have on athletes and on the community overall; we deem Special Olympics our “charity of choice.”

How we do what we do
Our personality cont.

Remember that traits can be expressed implicitly in the content and manner of how you communicate. Each trait does not have to be explicit in every item of communication produced.

Fun

Officers contradict stereotypes and we can break away from our normal “serious” routines by participating in endeavors of enjoyment—unique and playful fundraising and public awareness events that provide mirth and amusement in addition to raising funds. In this manner, we are able to unite with the community around joyful activities.

Passionate

Law enforcement officers are compelled by a strong feeling and emotion to work tirelessly both on and off duty to create a better community for people with and without intellectual disabilities.

Novel

Innovation and evolution are part of the DNA of law enforcement’s volunteerism on behalf of Special Olympics. We are constantly looking for unique ways to create excitement and to engage the community in order to raise funds for and generate awareness and understanding of the Movement.
LETR and Special Olympics’ role
Non-partisan, non-political organization

Our Brand

LETR does not:
- Endorse or oppose candidates for any office
- Endorse or oppose government officials
- Endorse or oppose political parties

LETR events are always nonpartisan and non-political. For this reason, the use of flags -- other than a state, province, country, Special Olympics, or LETR flag -- at any LETR event is prohibited.

Special Olympics Founding Principals state that Special Olympics transcends national origin and political philosophy, the use of flags other than a state, province, country, Special Olympics or LETR flag, at any LETR event is prohibited.

Non-Partisan
Special Olympics is a sport, health, education, and social transformation organization led by and for people with intellectual disabilities. This means we are strongly nonpartisan and non-political in every aspect of our work, including when it comes to statements and advocacy.

Legislation
Special Olympics strongly supports legislation that guarantees the rights, full participation, and integration of people with intellectual disabilities (ID). Special Olympics recognizes the work that has been done the world over in eliminating stigma, stereotypes, isolation, and discrimination faced by people with ID - most importantly around access to sport, health, and education.

Communication
LETR will not make any public statements in support of political candidates for election at any level (federal, state, local, etc.). LETR Programs are expected to adhere to this non-partisan, non-political policy at all times.
The benefit of what we do
Reasons to engage with LETR

Camaraderie
Dignity
Joy
Gratification
Pride
Community impact
Connectedness

When communicating with potential volunteers and sponsors consider how these benefits can help to make the case to engage with LETR.
Our Brand

The benefit of what we do
Reasons to engage with LETR cont.

**Gratification**
Law enforcement participation at all levels provides a sense of achievement above and beyond the normal call of duty as officers help champion opportunities for and showcase the capabilities of people with intellectual disabilities. Officers feel a heightened sense of satisfaction and gratification that transcends what they typically experience performing their normal duties.

**Pride**
Law enforcement’s partnering with Special Olympics and volunteering to make a difference create a heightened sense of merit, dignity, self-respect and self-esteem for law enforcement in general and for the participating individual officers in particular.

**Community Impact**
Positive transformation is catalyzed through local, grassroots law enforcement/Special Olympics activities which ultimately result in a more inclusive, civil and just society overall.

**Connectedness**
Law enforcement, athletes, local governments, civic organizations, educators, business and volunteers come together in a unified manner to make a positive impact on all people—with and without intellectual disabilities—and on the community as a whole. There is a universal bonding of officers that happens worldwide because of their connection to the movement.

Artwork versions

File formats
Artworks for all marks are provided in PNG and EPS file formats.

PNG artworks have been generated for office use in software applications such as Microsoft Word and Microsoft Powerpoint. PNG files are used in lieu of JPEG files for optimum compatibility.

EPS artworks have been generated for use by professional designers and can be scaled to any size without losing quality.

These versions of the mark are also available for the localized versions of the LETR mark.

Our logo cannot be altered or changed in any way. It must be used in its entirety with all the elements intact.

Mark Variations

The flame and torch are an integral part of our logo. The flame and the torch cannot be altered in any way. No designs, pattern, or images may be used within the flame or the torch. The flame cannot change direction.

The only approved color for the flame is yellow, as well as the white and black colors on the reversed versions of the logo. For one color applications, the flame can be in the LETR blue color.
Visual Identity

Our mark
Spacing and size

Free space
Free space should be left around the mark. Other graphic elements or information should NOT be used in this area.

Minimum size
The minimum size is 0.8” in width. Please note this is a recommendation for standard print only. The minimum size will depend on the method of reproduction being used, the substrate onto which it is being printed, or the materials out of which the mark is being fabricated.

Please use process color mix created for artwork. Colors should be visually matched to an up-to-date Pantone® Swatch.

Our logo cannot be altered or changed in any way. It must be used in its entirety with all the elements intact.

⚠️ The flame and torch are an integral part of our logo. The flame and the torch cannot be altered in any way. No designs, pattern, or images may be used within the flame or the torch. The flame cannot change direction.

⚠️ The only approved color for the flame is yellow, as well as the white and black colors on the reversed versions of the logo. For one color applications, the flame can be in the LETR Blue color.
Our badge

The LETR badge has been created as a combination of the LETR and Special Olympics identities in a single emblem that can be used primarily to identify active participation within the movement.

Artwork versions
Artworks have been created for the application of the badge in color, single color or single color reverse situations. Please take care to select the right artwork for the particular item you are creating.

Specific artwork is also available for the creation of enamel badges/tie pins.

Minimum Size
The minimum size for the badge is 0.7”.

Please note:
This is how single color reverse looks. It is used to print white or silver versions of the mark against dark colors.
The LETR color palette consists of LETR Blue, LETR Gold and LETR Silver. This is the color combination that we wish to be associated with. These colors are supported by white for core applications of the brand visual identity such as stationery and signage.

Please note that white should be considered an important color within the palette. Use of white space within design layouts contributes to the feeling of a bright, open and contemporary identity.
A range of pre-prepared curve artworks has been created for use across a range of standard formats.

If you would like more information on the curve and its construction you can refer to the Special Olympics Visual Identity Guidelines.

The curve is a graphic device used within the Special Olympics house style that has been included with our identity to make the link with the Special Olympics movement while adding vibrancy to our communications. The curve device also protects the mark from other graphic elements to give it greater standout and recognition.
Co-Branding
To illustrate their partnership, the LETR and Special Olympics marks are to be combined. This ensures appropriate recognition for both Special Olympics and LETR. It shows that while LETR exists exclusively to support Special Olympics it retains its character as an independent self-determining entity.

1 LETR
2 Special Olympics

The Special Olympics brand logo should always be used in its full lock-up version (Symbol, Logotype and Program Name) for all initial touchpoints. The symbol can NOT be used on its own without the Logotype.

Alternative option using localized mark
Report covers have been created in MS Word format and can be customized and localized with the Accredited Program mark.

Microsoft PowerPoint is used to create presentations. A template has been created in the visual identity. To localize the template for your program please follow the following steps:

1. Open the Slide Master page (View > Master > Slide Master) and replace ‘Program Name’ text with the name of the Accredited Program.

2. Save file as PPT template and use as basis for future presentations. 
   You can also save this updated file as the default theme on your computer.

3. Where possible include images to tell your story. A picture paints a thousand words. Use the template to drop in full images.

4. Punctuate your longer presentations with chapter slides.

5. Use simple strong messages to make a point.

   Save your presentation as a PDF in order to share your presentation with third parties.
A range of template artworks has been created for banners, flags and posters in Adobe Illustrator.

A full list of templates is available at the end of this document.
Branded T-shirt designs can be created for merchandise requirements. The LETR mark is given dominant position as these will be provided mostly for LETR events.

The SO accredited program mark can be positioned on the sleeves if you wish.
T-Shirts for law enforcement officers and organizers can be created using the LETR badge. We suggest keeping badge merchandise to volunteers within LETR.

Naming your event

When naming the event please ensure that you use the naming protocol illustrated here.

1. Acknowledge the **Law Enforcement Torch Run** engagement. This can be localized to whatever the local law enforcement name is.

2. Use the name of the **event** itself. This usually describes the actual activity at the heart of the event.

3. Sign-off the event with **Special Olympics**. If appropriate this could be the name of the local Special Olympics Program.

Note the use of the Special Olympics symbol centred at the base of the event mark.

T-Shirts are an important part of many local events. They offer the opportunity to use local creativity and expression and provide mementos and merchandise for volunteers and participants.

**Have fun!**
When creating your own local event shirt feel free to express the character and personality of your event. The only restriction is that you ensure that you follow the naming convention outlined on the previous page and that you appropriately incorporate the Special Olympics symbol.

**Warning!**
The event LETR and Special Olympics logo must be prominently placement on any branded materials. The logo should be clear and easy to see from afar. Please refrain from incorporating any other logos behind the event, LETR or Special Olympics logo.

- an understanding of the visual identity building blocks and the LETR brand
- original mark artworks and the Ubuntu typeface for informational texts
- identified artwork and copy writing requirements
- supplied information arranged into a clear hierarchy to focus messages and ensure simple effective impact

When producing artwork ensure that the following are addressed:

- original mark artwork has been used in the right color and with appropriate affiliate LETR/SO original mark artwork
- the Ubuntu typeface has been used for informational texts
- headlines have been given appropriate typographic contrast and subheadings are used as appropriate within body copy
- limited selection of colors is used from the color palette with appropriate use of the primary palette

Recommended print stocks
Bright white wove (not overtly textured) uncoated paper and card stocks should be used for printing stationery.
